1.5" Brass single inlet connection for residential systems

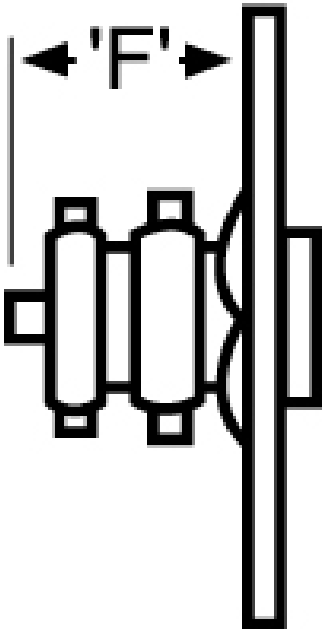

1.5" (38mm) brass single inlet connection for residential systems to supplement the fire protection water supply. The all cast brass connection comes with an integral escutcheon plate (reads "Auto Sprinkler"), 1.5" gasketed female swivel hose thread inlet and 1.5" rigid female NPT outlet. The connection is also equipped with a 1.5" brass hose thread plug and chain to protect the thread and prevents entry of foreign material. Specify regional hose thread.
